

# Students of the Month

## April 2010

**Jessica Keene**

Mr. Martin recommended her for this honor. The following are excerpts from his recommendation.

Jessica exemplifies what it means to be a positive influence in our school. As she passes through the hallways you can see her engaging with students and staff in such a way that you cannot help but walk away with a smile. She is a model student for others to look up to. She exudes helpfulness and a genuine upbeat attitude. Jessica is also a 3 sport athlete and “gives her all” for her team, as she does in everything.

Jessica is a Carpentry student who resides in Lake Pleasant.

**Kianna Smith**

Ms. Werle, Ms. Steele and Ms. Spring recommended her for this honor. The following are excerpts from their recommendations.

Kianna is always pleasant, polite, kind and helpful to students and staff. She consistently and diligently attends to her assignments. Kianna displays caring for others at our field sites, is willing to ask if she doesn't know how to do something, works conscientiously and carefully, and through it all, she maintains a cheerful disposition and sense of humor. Kianna also represents FCTS on athletic teams each season and her desire to work hard and be her best for herself and the good of the team comes through in both words and actions. Kianna's commitment to being a good student, friend and team mate is admirable. This young woman's subtle enthusiasm, energy, spirit and motivation are worthy of recognition. .

Kianna is a Health Tech student who resides in Orange
